To Whom It May Concern,

I am pleased to provide this reference letter for **Siphosenkosi Nyanthi**, who worked with us as a domestic worker at our office. In the **three (3) years** of working for Developmenthub, she was with us **two days a week** and consistently demonstrated professionalism, reliability, and attention to detail.

Sipho was always punctual and took great pride in her work. She ensured that the office was well-organized, clean, and presentable always. Her commitment to maintaining a neat and welcoming environment was greatly appreciated by everyone in the office.

She was also very flexible and accommodating whenever we had office functions or special events, often stepping in to assist beyond her regular schedule with a positive attitude and willingness to help.

It has been a pleasure working with Sipho, and I confidently recommend her for any future opportunities. She would be an asset to any household or organization that values reliability, cleanliness, and professionalism.

Kind regards,

Emihle Mgugudo
Operation Administrator
